ABOUT THE WORLD GROUNDWATER CONGRESS

The World Groundwater Congress is the premier international groundwater event under the auspices of the International Association of Hydrogeology (IAH). After Wuhan and Cape Town, the World Groundwater Congress is back in Europe for its 51st edition. For the first time in 30 years, it will be held in Switzerland again, organised by the Swiss Society of Hydrogeology (SSH) and the Centre for Hydrogeology and Geothermics of the University of Neuchâtel (CHYN). During the week-long event at the DAVOS Congress Centre, 500-800 delegates from academia, government and industry will exchange the latest findings on groundwater, present innovative methods and discuss pressing challenges. The congress offers a unique opportunity to raise the international profile of Swiss groundwater expertise and to benefit from the knowledge of leading international players.

CONGRESS TOPIC - INTERACTING GROUNDWATER

In a rapidly changing world, groundwater is a crucial resource that is under increasing pressure. To anticipate future trends, we need to improve our understanding of how groundwater interacts with rivers, lakes, ecosystems and the cryosphere, and how it responds to extreme events, building on rapid methodological advances. Sustainable groundwater management strategies must take into account the many interactions within the water-food-energy-ecosystems nexus and can only be developed in close cooperation between countries, sectors and stakeholders. At the Congress, we will facilitate interactions beyond the scientific community, involving members from industry, public administration, as well as international organizations and development agencies, to share knowledge and discuss these challenges.

	SUNDAY 8. SEPT	MON 9. SEPT	TUES 10. SEPT	WED 11. SEPT	THURS 12. SEPT	FRIDAY 13. SEPT
Morning	Short Courses	Opening Session	Plenary	Half Day & Full Day Field Trips	Plenary	Plenary
		Exhibition	Parallel Session		Exhibition	Parallel Session
Afternoon	Short Courses	Lunch & Posters	Lunch & Posters		Lunch & Posters	Closing Session

		Posters	Posters		Posters	
		Parallel Session	Parallel Session		Parallel Session	
Evening	Welcome Reception	Networking Events & Commissions	IAH General Assembly		Networking Events & Commissions	
			Networking/ ECHN Event, Commissions		Gala Dinner	

THE PROGRAMME AT A GLANCE

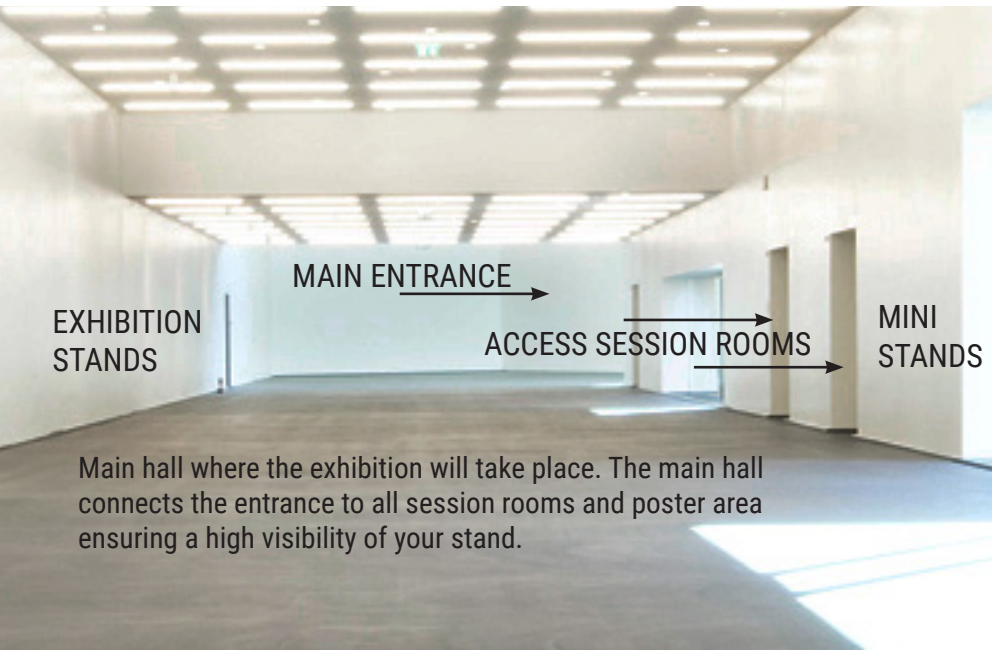

The IAH World Groundwater Congress is well known for its inclusive approach welcoming participants with a broad background from all continents. We build on this spirit and provide new opportunities for interaction and dialogue. In addition to short presentations in parallel sessions covering all major groundwater fields, we will hold plenary debates centered around major groundwater challenges, organize side-events and short courses. We will organise sessions on topics of particular relevance to Switzerland and provide opportunities to showcase Swiss groundwater expertise. An exhibition will allow representatives from industry, academia and government to present innovative products and solutions. We will continue the dialogue outside the Congress Centre during evening events throughout the week and mid-day excursions, taking advantage of the scenic surroundings. A Welcome Reception, Opening and Closing Ceremonies and Gala Dinner will provide a festive setting for the congress.

SUPPORT AND BE PART OF THE WORLD GROUNDWATER CONGRESS

This once in a generation event in Switzerland offers a unique opportunity to promote your knowhow, products and services to an international audience and to support the debate around a resource that is vital to our society. You can get involved and support the congress in different ways:

- **Be visible on the website, the conference documentation and during the conference**
- **Showcase your services, products and know-how during an exhibition centrally positioned in the congress center.**
- **Support a special event such as a plenary event in relation to your field of expertise, the young hydrogeologists event, a site visit highlighting one of your projects or a social event.**
- **Benefit of free entries for your collaborators.**

We offer a range of supporter and exhibitor packages and would be happy to create a tailored offer to suit your needs. Please do not hesitate to contact us.

Main hall where the exhibition will take place. The main hall connects the entrance to all session rooms and poster area ensuring a high visibility of your stand.

Optional items:

Examples of items that can be added to the base package or selected to replace items in the packages, depending on sponsor priorities

Support a conference event or activity

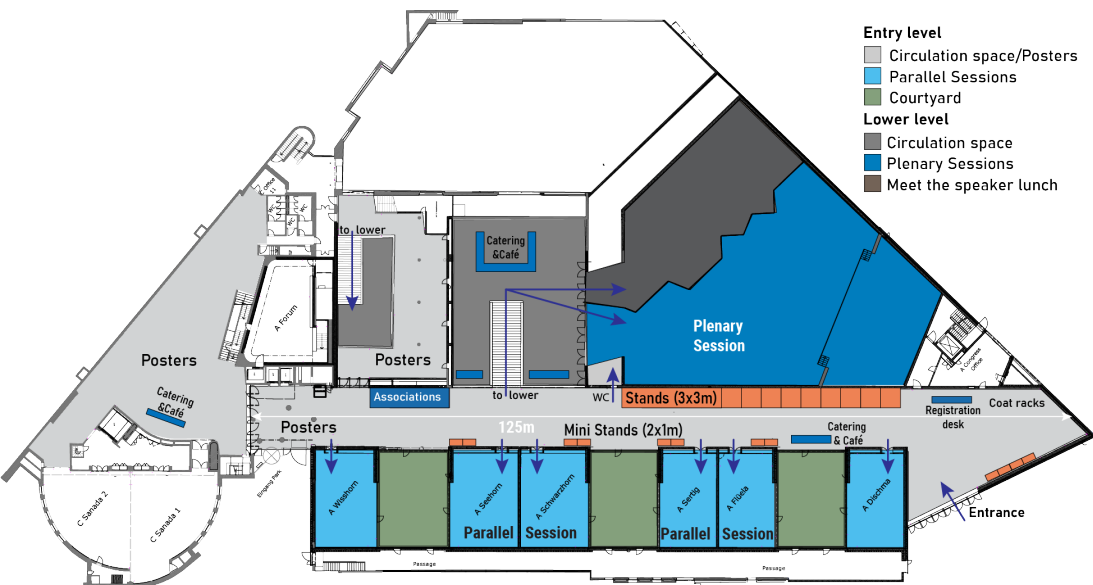

Support the welcome reception, gala dinner, lunch/coffee break, young hydrogeologist event or an excursion
 Sponsor a plenary/parallel/poster session, best poster award, my MSc in 180 seconds, or keynote speakers
 Support the Portrait of Swiss Hydrogeology Videos

Benefit of additional visibility

Your logo on conference badge, conference bag, lanyards or WiFi Access; Insert in bag

Support conference participants

Sponsor a developing country delegate
